

## Clean Pump Series

| SPECIFICATION                 | 50ZB26-4CA                     | 80ZB30-4C   | 100ZB26-6.3C |
|-------------------------------|--------------------------------|-------------|--------------|
| Pump type                     | Diesel engine centrifugal pump |             |              |
| Engine model                  | C173F                          | C178F       | C186F        |
| Max. power (kw/rpm)           | 4.0/3600                       | 4.0/3600    | 6.3/3600     |
| Inlet/outlet diameter(mm)     | 50                             | 80          | 100          |
| Pump delivery (m³/h)          | 25                             | 48          | 80           |
| Pump lift (m)                 | 26                             | 30          | 26           |
| Running speed(rpm)            | 3600                           | 3600        | 3600         |
| Efficiency                    | 48%                            | 48%         | 48%          |
| Suction head (m)              | 7                              | 7           | 7            |
| Self-priming time (sec)       | 120                            | 180         | 180          |
| Net Weight (kg)               | 45                             | 46          | 63           |
| Carton dimensions <(L*W*H)mm> | 595*515*600                    | 595*515*600 | 680*550*660  |
| QTY<20GP/40GP/40HQ>           | 126/264/352                    | 126/264/352 | 102/216/288  |
